FASTEST MULTIMILLION DOLLAR DEAL: 3 MINUTES

RICARDO R. BELLINO

On January 28, 2003, Ricardo Bellino met Donald Trump for the very first time at Trump Tower, NY, with the intent of convincing him to build the Villa Trump — an exclusive real estate and golf community in Sao Paulo, Brazil — a half billion dollar project.

Despite being extremely busy and admittedly not in the mood for a new business deal, Mr. Trump reluctantly gave Mr. Bellino exactly 3 minutes to make his presentation. At the end of these three minutes they shook hands and a multimillion dollar deal was sealed on the spot.
